What's Included

- Pre-drilled posts, beams, and connection hardware (bolts, washers).
- Roof members / slats per selected design.
- Basic anchoring hardware guidance (see Anchoring Overview).
- Printed install overview + QR to full guide.

Anchoring Overview (Summary)

- Slab: mechanical anchors into adequate, sound concrete slab (verify thickness/reinforcement).
- Footings: base-plates with embedded anchors or anchor bolts set in concrete piers/footings per local requirements.
- Verify site conditions; consult a qualified contractor/engineer as needed.

Finish & Care

- Powder-coated steel: clean with mild soap/water; avoid abrasives/harsh solvents.
- Touch-up paint available for small nicks/scratches (color-matched, if specified).
- Inspect annually; clean debris; rinse after winter/salt exposure.

Wind / Snow / Permitting Notes

- Local codes vary. Customer is responsible for permits and compliance.
- Design suitability depends on exposure, anchoring, and site conditions.
- Engineered drawings/calcs: available upon request for an additional fee (TBD).
